Dear ONA Member:

As part of ONA's vision and commitment to Members' economic welfare and quality of life, we sponsor the ONA Benefit Program as an important service to our membership. The ONA Benefit Program offers a wide range of benefit plans that provide you with access to the insurance coverage that will help protect your income, as well as your family's health and well-being. The ONA Benefit Program is comprised of two parts, the ONA Base Plan, and the ONA Voluntary Benefit Plan.

The ONA Base Plan (Covered by your union dues)

Critical Illness Coverage (CI)

ONA members under the age of 75 may be eligible for a lump sum benefit payment of \$3,750 for part-time/casual members or \$7,500 for full-time members without any additional premium if diagnosed with life threatening cancer, stroke, heart attack, benign brain tumour, coronary artery bypass surgery, aortic surgery, occupational HIV or Hepatitis C, major organ failure on waiting list, or major organ transplant.

Long Term Disability Coverage (LTD)

Base Plan disability income protection is the first step towards helping to protect one of your most valuable assets - your income! If you are under the age of 65 and you do not have employer-sponsored LTD coverage, you are covered and may be eligible for \$250 of monthly LTD benefit, should you become disabled due to illness or injury.

The ONA Voluntary Benefit Plan

The ONA Voluntary Benefit Plan offers you the flexibility to choose the necessary coverages to meet your needs and those of your family. This brochure provides a brief summary of the Voluntary benefits available. Pricing details and applications can be found in this booklet's pocket.
